25th Feb 2015	35,697 miles (MOT)
25th Feb 2014	31,183 miles (MOT)
20th Feb 2013	27,725 miles (MOT)
25th Feb 2012	23,711 miles (MOT)
28th Feb 2011	21,246 miles (MOT)
14th Feb 2010	17,391 miles (MOT)

Make sure to check that the most recent recorded mileage roughly matches the vehicle's odometer before buying the vehicle.

We highlight in red when a vehicle mileage has decreased, check to see if this is suspicious. Sometimes this is just the result of rounding.

DVLA records are particularly prone to rounding / errors as they are provided by the general public.
